DON'T TELL ME

Music & Lyrics: M. Lenngren, Browsing Collection

Chorus:

Don't tell me what to do 'Cause it won't change nothing Don't tell me what to say It is up to me Don't tell me who I am Tell me who are you Don't tell me, don't tell me, no

Verse 1:

So hear me out
Mark my words
This is your own creation
Now is the time
To show our standpoint
Might be the one salvation

Bad impersonation Change your presentation Learn communication Now You better move You know it too Don't fool me with negation

Verse 2:

Forever been
Forever will be
It's not a new sensation
You better move
You know it too
Don't fool me with negation
